0:28 today's video is called '11 rules male feminists must follow'

0:33 okay so you have lost your knots
0:36 suffered a severe head injury or are just desperate for sex
0:41 and thought to yourself hey I'll be a male feminist
0:45 not so fast buddy there are 11 rules you must follow according to the website
0:51 everyday feminism so sit back with your knees together
0:55 and let me famous Plano to you

number one *understand that women are leading the way and defend their capable leadership don't assert yourself for the forefront.*

1:03 In other words be subservient
1:08 the explanation under this rule states
1:11 *Feminism has primarily been a movement for women led by women*
1:14 Bucked wat I thought feminism was about a quality guess again

number two *when it comes to issues that directly pertain to women's bodies and experiences be quiet and listen*

1:27 I get it I don't have a vagina
1:31 so I simply don't know what it's like to have a period
1:35 or have children but I'm curious to know why you are so against Man spreading
1:40 when you obviously don't know what it is like to have boals
1:43 hoops I forgot to be quiet and just listen mean fewer

number three *men don't get to determine if they are allies to the feminist movement women do*

1:55 And during the shrieking at a feminist rally
1:58 brushing up against a sweaty land whale or holding a man accountable for sexist
2:03 behavior won't earn you some special batch you might just end up with bleeding ears
2:09 and a punch to the face 0 goody

number four *take responsibility for addressing men's issues with other men rather than expecting women in feminism to do all the work*

2:20 But I thought you were all about
2:24 quality I tried to attend a men's group at the local university
2:28 but a bunch of feminists protested and shouted at me

number five *use your mail privilege to encourage other men to work towards gender equality under women's leadership*

2:39 This sound like recruitment
2:42 if I'm guessing other men to work towards gender equality
2:46 why can't I lied is this some sort of affirmative action program where I need
2:51 to find the nearest woman to lead us
2:53 or is this really about female superior authority

number six *don't use the label a feminist as a way to try to get women to like you that's disingenuous and counterproductive*

3:05 Okay so I am NOT fully accepted
3:09 I can never lied I'm bringing you new recruits
3:12 I'm told to use my hated male privilege for your benefit
3:16 and I can't call myself a feminist can I just show women my penis to get them to
3:21 like me

number seven *when given opportunities to execute professional turn asks related to feminist issues consider referring other women instead*

3:29 The rule states that when an
3:33 organization or news outlet asks for a male perspective on issues like feminism
3:39 and gender equality
3:40 don't be afraid to suggest a female Pia. I guess if you passed the previous six
3:46 rules chances are the nearest feminist is more mail than you are

number eight *educate yourself about the history of feminism and how women have different backgrounds have approached the movement*

3:58 Here about that I read how in the late 19th century
4:02 the president of the national woman's suffrage association was quoted as saying
4:06 *You have put the ballot in the hands if you're black men thus making them political superiors and white women never before in the history the world have man-made former slaves the political masters if they're fuhrman mistresses*
4:21 Suffragette elizabeth katie stanton *What will we and our daughters suffer if these degraded black men are allowed to have the rights that would make them even worse than a section fathers*
4:33 Suffragette Laura clay *The white men reinforced by the educated white women could snow under the new agreement in every state and the white race would maintain its supremacy without corrupting or intimidating the negroes*
4:48 Suffragette County Chapman Catt *White supremacy will be strengthened not weakened by women's suffrage*
4:53 Should I give more examples
4:58 you praise suffragettes is getting you the right to vote
5:01 but their reasons were anything but noble eugenics anyone

number nine *insure your feminism is intersectional*

5:10 No this is into traffic rule about four-way stops
5:13 although some feminist really need to learn that

5:16 this is about the fight for gender equality being inclusive
5:20 namely people of color queer trans and
5:24 gender non-conforming people people with disabilities
5:27 differences in class and ability various faiths sons not fake tits
5:32 and other identities and situations or simply put anybody but white men
5:39 0 so this is how discrimination feels thank you feminists

number ten *the knowledge that sometimes women need opportunities to discuss feminist issues without the presence have men and that's okay*

5:54 Every woman is a special snowflake and you sir are not even snow
5:59 to quote the articles explanation *Some women may feel more comfortable discussing their bodies and the experience is absent the gays and presents have men whose boots needs and desires a privilege in virtually all sectors of society*
6:15 While my thoughts are privileged I seem unaware that I have that much power over
6:22 time and space
6:24 my desires arms needs are privileged practically any woman out they can have
6:29 sex tomorrow if she wanted
6:31 for most guys my age that would be at least fifty
6:35 dollars who's the privileged one

number eleven *when women criticize your involvement in feminism don't talk over the more talk down to them actively listen and be accountable*

6:47 Yes even if the woman is wrong and you have followed all 11 rules
6:52 it is still your fault appropriately one of the last statements in the article is
6:58 *Because that's what true and I ship in solidarity look like in feminism*
